

Ruth Cetrone

I teach in the 4 year old class and the Step Ahead class. Before taking my position at the school, six years ago, I worked in Early Childhood Development in many capacities over the past 17 years. I started as an assistant teacher and went on to earn a degree in Early Childhood Education. I became a Head Teacher, was promoted to Assistant Director and then Director of a childcare center. I am also an Educational Consultant with the State of Connecticut which allows me to work with other centers giving them advice and support regarding the educational content of their programs.

I have three children and seven grandchildren with one more on the way. My three grandchildren, who live in town, have all attended Scooter School. I spend most of my time with my husband, Joe, of 37 years. We love the beach, biking, and visiting with our family. I also enjoy working out at the Woman's Center in town, and going out with the girls. I am Ruth Cetrone, and I love being a Scooter School teacher.
